

Director, Resource Management, Statement

9 August 2002

The purpose of the Commercial Activities Review Evaluation (CARE) Team, Transition Mode, is to identify and implement services and/or programs needed to assist members of the workforce who may be potentially affected by the outcome of the CA Study. Such services/programs may include, but are not limited to:

- Transition Assistance Programs
- Training Opportunities and Assistance
- Retirement/Benefits Assistance

I fully support the efforts of the CARE Team. I pledge to every Garrison employee my best effort of making sure that each and every one of you has the information and tools available to enable you to transition positively as we finish our A-76 Commercial Activities Study.

It is up to each of you to take advantage of the information and the services reflected in this brochure. I encourage you to maximize opportunities to effect positive changes in your careers and personal well-being.
